When You're Hiring...

Workforce Solutions staff understands that having reliable, ready-to-work employees can make all the difference when hiring a new employee. That's why we upgrade and improve potential employees' work skills before they begin the process of looking for a job. We then match these prepared candidates to your specific employment needs.

On-the-Job Training (OJT)...

Are you interested in cutting the cost of hiring and/or training workers? For eligible hires and existing workers, Workforce Solutions reimburses 50% of a trainee's wages for the duration of the approved training period.

Benefits include:

- Employers retain the hiring decision and the right to terminate
- Free screening, assessment, and referral of applicants, reducing HR time and cost
- Prompt monthly payments with minimal paperwork
- Professional Business Services Representatives to assist you through all phases of the program
- The ability to combine OJT with other employer work incentives

Customized Training...

Developed for a specific employer or group of employers, customized training provides training for the introduction of new technology, production or service procedures, or upgrades that require employees to obtain additional skills.

Instruction is conducted according to your specifications, delivered in individual or group settings, and can be on site or through educational institutions/vendors.
